

Villa Maria College Authenticity Statement 2024

All students are required to submit an **authenticity statement** at the beginning of the year which applies to **every assessment** that you complete during the year.

Students must submit only their own work. Plagiarism is unacceptable. The use of chatbots, generative AI, paraphrasing tools, or other tools that can automatically generate content is not permitted and material generated by these tools should not be submitted as part of any students' work.

Students should ensure that they keep evidence of their working towards an assessment, which could include:

- all rough notes and plans
- check points with your teacher during the task
- writing the final report under controlled conditions
- a teacher interview to review work
- electronic evidence

You may be asked to provide this evidence to show that the work you have submitted is your own.

Any student who submits work which is found to be not authentic, or who has shared their work with another student, will be given a Not Achieved for that standard.

* Required

* This form will record your name, please fill your name.

1. Please type your first name *

2. Please type your last name *

3. Which year level are you in? *

- Year 9
- Year 10
- Year 11
- Year 12
- Year 13
